1. Vision and Mission-

The ability of the banking industry to achieve the socio-economic objectives and in the process bringing more and more customers into its fold will ultimately depend on the satisfaction of the customers. We have a strong belief that a satisfied customer is the foremost factor in developing our business. A need was felt by us at Kotak Mahindra Bank that in order to become more customer's friendly, the Bank should come out with charter of its services for the customers. Citizens' Charter concept was considered as a base instrument to fill this need and accordingly this document was prepared. This document, called the Citizens' Charter of Customer Services, provides key information on various facilities/services provided to customers in ordinary course of business and highlights Kotak Mahindra Bank's commitments towards the customer satisfaction, thus ensuring accountability and responsibility amongst its officials and staff. This charter for customers not only explains our commitment and responsibilities along with the redressal methods, but also specifies the obligation on the part of customers for healthy practices in customer-banker relationships.

Value creation

Value creation for all the stake holders rather than size(in terms of assets, total business etc.) alone will be our business driver.

Disclaimer-

It is not a legal document creating rights and obligations. The Citizen's Charter does not by itself create new legal rights, but it surely helps in enforcing existing rights.

This Charter applies to all products and services listed below whether provided by branches, subsidiaries and agents acting on behalf of the banks, across the counter, by post, through interactive electronic devices and through technology (alternate delivery channels).

Notice to the Reader

5. Exchange of soiled and mutilated notes and coins at the Bank's public counters

Members of the general public can avail themselves of the following facilities at the counters of the Bank's Offices.

- a) Exchange soiled notes. A note which has become limp or which has developed minor cuts due to wear and tear or which is disfigured by oil, colour, ink, etc. will be treated as soiled note. To facilitate easy exchange, notes which have been divided vertically through or near the centre with numbers intact are also treated as soiled notes. Notes on which political or religious slogans are written are not exchangeable under any circumstances.
- b) Exchange mutilated notes. A mutilated note is a note of which a portion is missing or a note which is composed of pieces, provided that the note presented is not less than half of the area of the note and that, if the note is composed of a note joined together, each piece is, in the opinion of the 'Prescribed Officer' [as defined in the RBI (Note Refund) Rules] identifiable as part of the same note. - c) Exchange of coins including uncurrent coins into notes or coins.

6. Exchange of mutilated/cut notes

Received through the Triple Lock Receptacle or by Post In order to provide note exchange facility to members of the public who cannot wait at the Bank's counters to tender their mutilated/cut notes, the Bank's Offices provide a facility of depositing mutilated/cut notes in a locked box called "Triple Lock Receptacle (TLR)". The TLR box is kept near a specified counter and notes can be dropped into the box in a closed cover which can be obtained from the enquiry counter. The tenderers are required to write the particulars of the notes tendered by them,

their name, address and bank account number on the cover. Members of the public can also send mutilated notes by insured and registered post to RBI Offices. In their own interest, such covers should be sent through Registered and Insured post. The exchange value of notes which are found payable under the Note Refund Rules is credited to the bank account of the tenderer through Electronic Clearing Service/Electronic Fund Transfer (EFT) which is at present free of cost. In case the tenderer does not have bank account or the place where he resides does not have a clearing service/provision of EFT, the exchange value is remitted by means of bank draft/money order at the cost of the tenderer. The TLR facility is available only for mutilated/cut notes and not for soiled notes.
